

B2 9. (amended) A peptide according to claim 7 capable of modulating interaction between ATM and p53.

10. (amended) A nucleic acid isolate encoding a peptide according to claim 7.

3 B 13. (amended) The peptide of claim 11 capable of modulating interaction between ATM and p53.

14. (amended) A nucleic acid isolate encoding a peptide according to claim 11.

Please add the following new claims:

B4 28. The method according to claim 2, wherein said compound is able to modulate interaction between ATM and p53.

29. The method according to claim 3, wherein said compound is able to modulate interaction between ATM and p53.
